Short notes on the format for this list:

The top web-link is the source, and the bottom web-link is the repost, because in our 15+ years of researching and reporting on all types of subjects, many links and sources have gone missing. And in keeping with “fair use” rules (by the NWO-run govt), we are not adding to their words, merely quoting them. Nor are we making any money on any of these things – we are merely reporting them. ~ We intend to, as the Lord wills, update this from time to time with more research from our team and others. ~ Thank you so much for your prayers and teamwork and fellowship in the Bible (Word of God). ~ Sincerely, the FEDBP team.

Editor’s Notes: My brother, Paul, did a report on a resource highly recommended by John MacArthur and yet this man, Ralph Gower, falsely accuses the Jewish people multiple times - twists and adds to events in Scripture to make the Jewish people sound like radical muslims, while praising the muslims as a better example. He also contradicts God's Word many times, cleverly insults God continuously, and uses the "criticizing the Bible" approach (called "textual criticism"). Moody Bible Institute, Moody Press,

John MacArthur, David Jeremiah, and whatever other seminaries promote this book need to stop, and stop soon! ~ Watching, Preaching, Praying, your growing bro, SH with FEDBP ministry

P.S. There is a long and short version of this book report. Short one is 10 pages or so, the long one is 21 pages or so. If you have any questions or would like more info, please ask. ~ SH

The History of Freemasonry
Its Legendary Origins
Albert Gallatin Macky

“...whether they come from the Muslim world, or the Buddhist world, or the Christian world or the non-believing world, they are members of the Body of Christ ...They may not even know the name of Jesus but they know in their hearts that they need something that they don't have, and they turn to the only light that they have, and I think that they are saved, and that they're going to be with us in heaven.”
