

Quick Answers to COVID-19 (citizen's reply)

>> Reply to masks:

- 1) Masks reduce your oxygen, even alphabet soup "govt" agencies admit that (OSHA, CDC), admitting that some people can't & shouldn't wear masks
- 2) God made your body to operate on oxygen, & lots of it. Learn to breath deeply. Where the city, county, state, or corporation **czars** require you to wear a mask in stores, take them off as soon as you can. Your body & your health depend on it.
- 3) No masks protect from Gates' GMO mosquitoes "flying syringes", biting bugs, or GMO micro-spiders, nor do they protect from aerosol crimes/chem-trails toxins + viruses + EMF/5G, that the NWO admits they're doing to us. Learn to help your body detox & heal.
- 4) Avoid hospitals - they get \$39,000 from the govt per "CoVid" death. New false counts include "antibodies" + double-counted numbers. Avoid sunscreens, they stop your skin from absorbing sunlight, which helps your immune system fight germs, bacteria & viruses.

>> Reply to vaccines:

- 1) No vaccine being made right now is for COVID31 (aka "CoVid-19). There are 31 known strains, and hundreds of mutations by now. "**Herd-immunity**" for "COVID" started in November/December 2019. The reason for the false numbers are being "reported" is that Americans have reached "herd immunity", but NWO wants more deaths & control.
- 2) My body is personally allergic to ingredients in all vaccines. Yours is too. Have you read the vaccine ingredients? Ingredients like: aluminum, aluminum sulfate, latex rubber, formaldehyde, mercury/thimerosal, beta-propiolactone (**cancer agent/organ poison**), polysorbate 80 (**cancer agent**), tri-butylphosphate (**kidney/nerve toxin**), gluteraldehyde (**sterilization chemical**), neomycin sulfate (**stops vitamin B absorption**), phenol/ phenoxyethanol (**antifreeze**), gentamicin sulfate & polymyxin B (**cause massive allergies**), mono-sodium glutamate (**MSG**), genetically modified yeast, animal + viral + bacterial DNA, human + animals cells, live/dead viruses, plus additional viruses.
- 3) The NWO "govt" has already been caught including the rice-chip tracker in their vaccines. They use the DNA from health records + police records + ancestry tests to track everyone as they build their database. They also are recording our faces on many different hidden cameras to track individuals anytime, anywhere. The rice-tracker chip is the same type of satanic scary tech. Oppose it. Avoid it. Warn others. Also avoid "digital ID" +
- 3) Some of us still plan on having children. I refuse to take a deadly petro-toxin from Gates -funding because everything he and his companies makes sterilize people. Gates & Fauci admit they are trying to sterilize the next generation.
- 4) I get my nutrition and immunizations shots everyday - from God's cures in God's creation. You probably do that too. I don't need the toxins or extra viruses anything else they add. I don't want to be sterilized either. I'm "allergic" to everything in their so-called "vaccines". Forcing people to get vaccinations is a red-line and can be/will be prosecuted as "treason" and "1st degree murder".

>> Reply to certificate: (Reject it and all of it's "perks".)

C = Certificate (admitted by Trump, Fauci, Gates, "can't leave home without it")

O = of

V = Vaccination

ID = Certificate of Vaccination ID, scheme started in Nov/Dec 2019.

Do You Know

WHAT'S IN A VACCINE?

■ ammonium sulfate (salt)

Suspected gastrointestinal, liver, nerve and respiratory system poison.

■ beta-propiolactone

Known to cause cancer, suspected gastrointestinal liver, respiratory, skin and sense organ poison.

■ genetically modified yeast, animal, bacterial & viral DNA

Can be incorporated into the recipient's DNA and cause unknown genetic mutations.

■ latex rubber

Can cause life threatening allergic reactions.*

■ monosodium glutamate

(MSG)/glutamate/glutamic acid
Being studied for mutagenic, teratogenic (developmental malformation and monstrosities) and reproductive effects. A neurotoxin. Allergic reactions can range from mild to severe.*

■ aluminium

Implicated as a cause of brain damage; suspected factor in Alzheimer's Disease, dementia, seizures, and comas. Allergic reactions can occur on skin.*

■ formaldehyde (formalin)

Major constituent of embalming fluid; poisonous if ingested. Probable carcinogen; suspected gastrointestinal, liver, immune system, nerve, reproductive system, and respiratory poison. Linked to leukemia, brain, colon, and lymphatic cancer.

■ micro-organisms

Live and killed viri and bacteria or their toxins. The polio vaccine was contaminated with a monkey virus now turning up in human bone, lung-lining (mesothelioma), brain tumors and lymphomas.

* When babies are hours or days old, it is impossible to know if they have an allergy.

■ polysorbate 80

Known to cause cancer in animals.

■ tri (n) butylphosphate

Suspected kidney and nerve poison

■ glutaraldehyde

Poisonous if ingested. Causes birth defects in experimental animals.

■ gelatin

Produced from selected pieces of calf and cattle skins, de-mineralized cattle bones and pork skin. Allergic reactions have been reported.*

■ gentamicin sulfate & polymyxin B (antibiotics)

Allergic reactions can range from mild to life threatening.*

■ mercury (thimerosal)

One of the most poisonous substances known. Has an affinity for the brain, gut, liver, bone marrow and kidneys. Minute amounts can cause nerve damage. Symptoms of mercury toxicity are similar to those of autism.

■ neomycin sulfate (antibiotic)

Interferes with Vitamin B6 absorption. An error in the uptake of B6 can cause a rare form of epilepsy and mental retardation. Allergic reactions can be mild to life threatening.*

■ phenol/phenoxyethanol (2-PE)

Used as antifreeze. Toxic to all cells and capable of disabling the immune system's primary response mechanism.

■ human & animal cells

Human cells from aborted fetal tissue and human albumin. Pig blood, horse blood, rabbit brain, guinea pig, dog kidney, cow heart, monkey kidney, chick embryo, chicken egg, duck egg, calf serum, sheep blood and others.

“ A major cause of the Roman Empire's decline, after six centuries of world dominance was its replacement of stone aqueducts by lead pipes for the transport and supply of drinking water. Roman engineers, the best in the world, turned their fellow citizens into neurological cripples. Today our own "best and brightest," with the best of intentions, achieve the same end through childhood vaccination programmes yielding the modern scourges of hyperactivity, learning disabilities, autism, appetite disorders, and impulsive violence.” **Harris L. Coulter, Ph.D.**
