

Exposing Mr. Graham

Hello brothers and sisters, and friends,

Some of you know that my family and I study out lies that affect people that we care about and from time to time will expose lies and liars as best as we can so that others may be warned and avoid pain that we've gone through. This is one such case.

Apparently it's come time to start exposing Mr. Graham, and by that I mean 'Reverend' Billy Graham. I know, it's probably a shocking thing to read that, and I completely understand, but before you leave, I ask you to hear me out briefly.

For more than 20 years, my family valued the Billy Graham and his family - we believed the media hype that he was helpful and his message sounded right on. You see, that's the problem - we unintentionally overlooked parts of his message that modified the gospel. With that said, you can go back and double-check me on this, Billy Graham calls people to come to Jesus to solve all of their emotional problems, but Jesus didn't die for that.

And just because we say that Mr. Graham has a false gospel, that doesn't mean that everything he teaches is wrong. He teaches many helpful things and teaches some passages of Scripture correctly. One of his main problems, though, is that Mr. Graham has a false gospel. Now, you may be aware of the fact, as we are aware of it, Mr. Graham used to preach really well, with very little gaps (or so it seemed at the time) - yet, today, the gospel he preaches on many occasions is different from what he once preached. You can see and hear the difference here yourself in this next video: <http://www.youtube.com/watch?v=4MZWug3QAvs>

And, here's a good example of his adjustable gospel: <http://www.facebook.com/notes/fedbp/billy-grahams-speech-about-9-11-01-whats-wrong-with-this-picture/295070757174110>

After looking at those links, you'll probably be asking the question we started asking a few years ago: what happened to Billy? Well, somewhere along the way, Billy became a 33<sup>rd</sup> degree mason (evidence below). But, a careful review shows that Billy Graham started working with the Vatican and the one-world religion all the way back in - watch this: 1945. Yep, you read that right. Crazy isn't it? Well, the facts are belief in brief format. You can see them for yourself. Our only point is to warn people not to follow in his failing and man-pleasing ways. Remember Jesus' clear warning: "**Woe to you when all men speak well of you, For so did their fathers to the false prophets.**" (Luke 6:26) - Please notice, when the world is praising someone who calls themselves a religious leader, we need to clearly remember that not everyone praised Jesus or the apostles. In fact, their message was so black and white that many people hated them for it - including the religious hypocritical leadership of his day. So, when the world's popular religious people are praising a man who claims to be a good

religious leader, we need to take note that there is mostly likely something that contradicts Jesus message, though the difference will probably be subtle, it's very important.

These next few links show clear proof that Billy Graham is indeed a mason, though he and his organization hide it as best as they can. That kind of deceit from someone in ministry is repulsive, but the facts remain as you can see for yourself.

***In conclusion:***

We understand why this information will come across tough for some people. But, I hope that those reading this note see that we are only showing facts, not personally attacking Mr. Graham. And we hope that people will just study this information out themselves - we are just trying to provide what we believe to be key information that will help the body of Christ see through lies and liars better. ~ We also hope that Mr. Graham gets some of these things right before he dies and not just ignores them, for the sake of his own soul and the many who have followed him.
